SEE SAN DIEGO IN A DIFFERENT LIGHT...

Our 100-minute journey kicks off with a drive through the West Coast's premier entertainment district, known as the Gaslamp Quarter. Famed for its vibrant nightlife, bright lights, and Victorian architecture, this unforgettable urban playground will captivate your imagination. Then, we'll head to Balboa Park, one of the largest outdoor cultural centers in the US, with its stunning buildings, fountains, and statues glowing bright, transformed at night, and equally as remarkable in the evening as they are during the day.

From Balboa Park, we'll drive to the top of the Coronado Bridge for more spectacular sights, including the lights coming in from Mexico, the bay, and downtown San Diego. We'll make a 15-minute stop at Coronado's Ferry Landing, a perfect photo op location, to take in the stunning beauty of the San Diego city skyline visible from across the bay.

While in **Coronado**, we will make our way past the **Hotel Del Coronado**, before returning over the bridge to **Embarcadero's Bayfront** views. You'll see the Historic **County Administrative building**, the Maritime Museum's **Star of India**, the **USS Midway Museum**, and also the **Navy's aircraft carriers** across the bay.

And with that, you will have experienced America's Finest City in another light, something you won't soon forget.
